For immediate release

Traffic Interruption on the M2 Motorway due to Road Resurfacing Works

The **Johannesburg Roads Agency (JRA)** would like to notify motorists of anticipated traffic delays on the **M2 Motorway (eastbound)** due to road resurfacing works scheduled from **15th until the 31st of August 2022**. Motorists are urged to adhere to the road signage and maintain a safe following distance when travelling towards the **Maritzburg Road, New Goch Road and Ruven Road off-ramps**, as the teams will be working on the shoulder and slow lanes between **09h00 and 15h00 daily**.

The M2 Motorway Road Resurfacing Project is currently in its fourth phase, which includes sections of the East and West bound between the New Goch Road and Maritzburg Road off-ramps. While the affected lanes will be temporarily closed off to traffic for the duration of the project, **two lanes will be open to traffic**.

Below is a map indicating the project locality:

Figure 1: Project locality plan: M2 Motorway Eastbound, M19 Ruven Road

Figure 2: Project locality plan: M2 Motorway Westbound from New Goch Rd to Maritzburg off-ramp.

Further updates on phase four of the resurfacing works will be communicated as the project progresses. The JRA wishes to thank road users in advance for their patience and cooperation.
